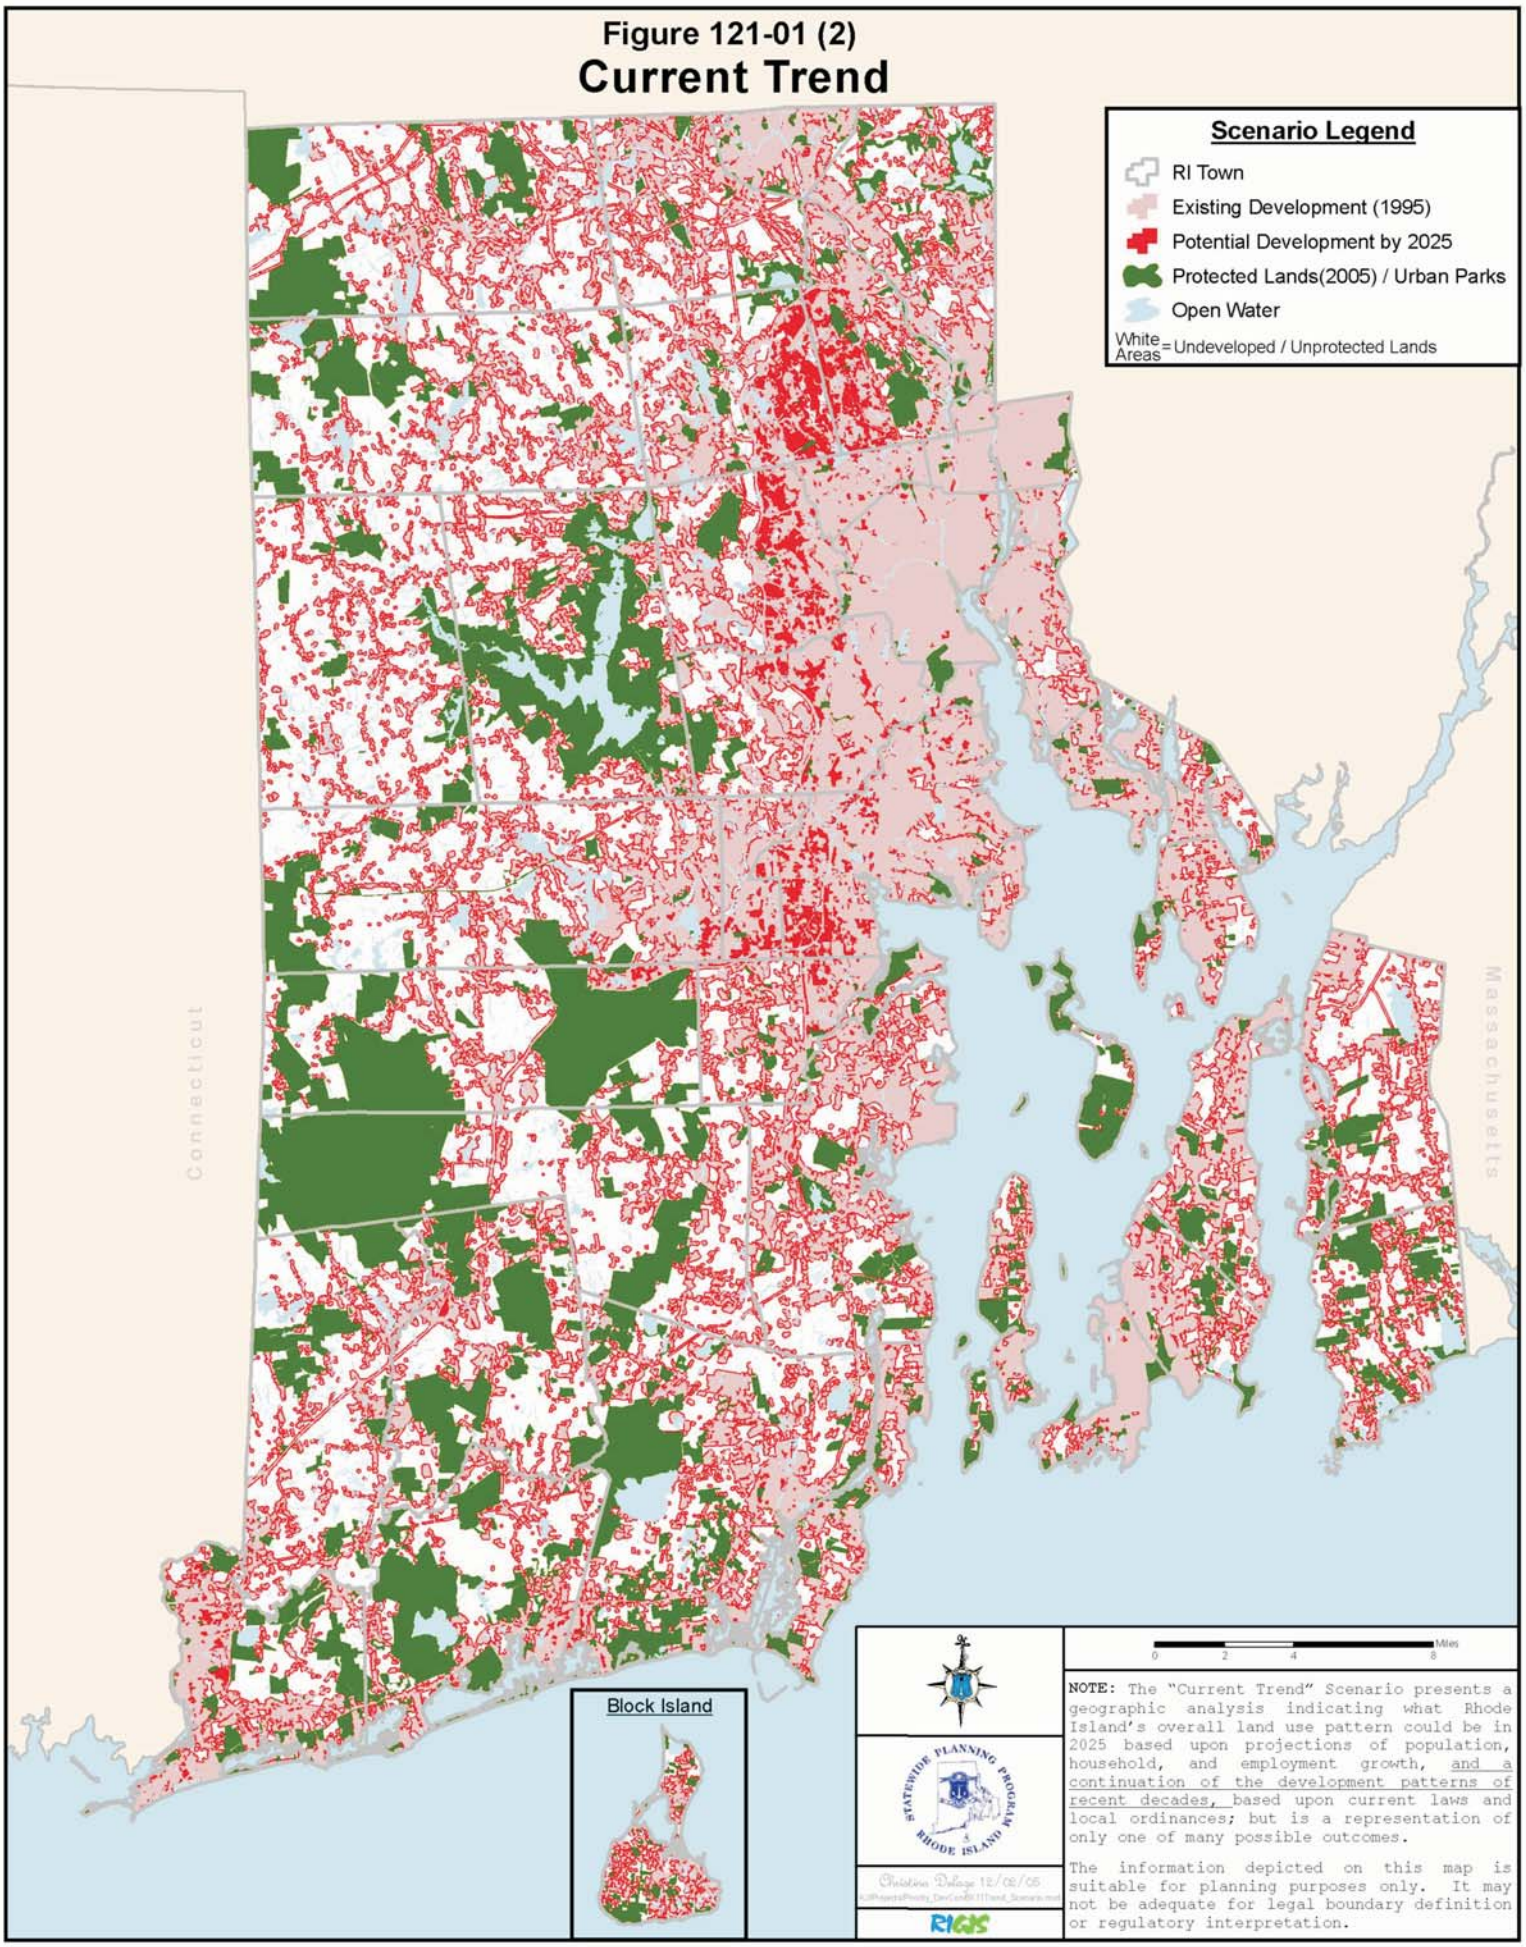
Current Trend



NOTE: The "Current Trend" Scenario presents a geographic analysis indicating what Rhode Island's overall land use pattern could be in 2025 based upon projections of population, household, and employment growth, and a continuation of the development patterns of recent decades, based upon current laws and local ordinances; but is a representation of only one of many possible outcomes.

The information depicted on this map is suitable for planning purposes only. It may not be adequate for legal boundary definition or regulatory interpretation.
