The 2020 Census logo is the agency’s most-used and best-known asset. It is the cornerstone of the 2020 Census program.

Because of its importance, great care must be taken in the use of the 2020 Census logo. The logo is presented in a consistent fashion, and its use must be governed by strict rules. If it is used haphazardly, the logo’s value will be diminished.

Most uses of the 2020 Census logo will originate in various program design groups, but from time to time, 2020 Census workers outside of design groups are required to make judgments about the use of the 2020 Census logo, often relating to a one-time use. To facilitate consistency and quality in the use of the logo, among both professional and nonprofessional users, this manual has been prepared.

Exceptions to these guidelines are rare and must be approved by the Public Information Office, Graphic and Editorial Services Branch. Your assistance and cooperation in the protection of the 2020 Census logo is valued and appreciated.
2020 Census Logo Standards
2.0  2020 Census Logo Standards

2.1  2020 Census Logo

Clear Space and Minimum Size

The 2020 Census logo consists of the words “United States Census 2020” displayed in the specific fonts created for this logo. No other font can be used to build the logo.

Clear Space
When the 2020 Census logo is used, it should have sufficient clear space from illustrations, other words or images that might detract from the logo’s importance. For the 2020 Census standalone logo, the logo must be one “s” height (from the word Census) away from illustrations, photographs, rules, page edges, or other type.

Minimum Size
The logo should not be used so small that the readability or reproduction quality is reduced.

A solid positive logo or reverse logo should be no smaller than 5/8” wide (see example at right). Make sure the line screen is 133 or finer. If you want to use a coarser screen, make sure the logo is no smaller than 3/4” wide.

If a logo smaller than 5/8” is required, it must be approved by the 2020 Census Publicity Office (C2PO).

6.1 Partner Co-Branding

Whenever possible, 2020 Census and partner branding should follow this convention.

The reverse logo/tagline is recommended. It sits at the bottom, lower-right edge of the page. The visual style should still follow the usage guidelines for 2020 Census logo/tagline lockup.

Partner logos should appear directly across from the 2020 Census logo, located at the bottom, lower-left edge of the page.

Visually balance the size of the 2020 Census logo and partner logo. Neither should dominate. There should also never be more than one 2020 Census logo used per page.

6.0 Partner Co-Branding Logo Usage

6.4 Partner Co-Branding Alts

Partners have the option of using the positive 2020 Census logo/tagline lockup or the 2020 Census logo without the tagline if needed.

The recommended placement is bottom-right edge. When using these options, please allow for the appropriate clear space and ensure both follow the recommended minimum size requirements.

Both options can be used without the border although we recommend the border to visually connect to the 2020 Census campaign. The appropriate design and layout will be at the discretion of the art director or project manager.

To the right are examples of 2020 Census branding using the positive logo/tagline lockup and logo.

Colors for border and headline may change for standard applications. Please refer to page 4 for color usage.
