

# State of Rhode Island - Online Map Viewer

## Transportation Improvement Program - FFY2018 - 2027

### Website Location:

Go to <http://www.planning.ri.gov/planning-areas/transportation/tip.php>

Select "FFY 2018-2027 STIP - Map Viewer" blue link in lower section of webpage.

It is recommended that you use Internet Explorer when viewing the online Map Viewer.

### How to use the Online Map Viewer:

#### 1. Description Page:

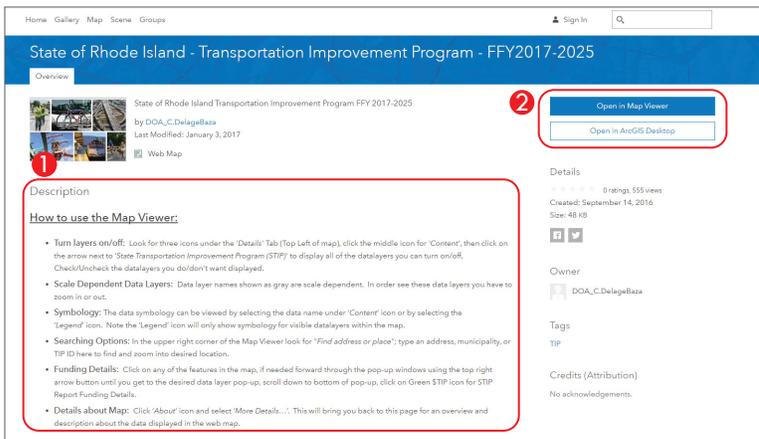

Contains a description on how to use the map viewer, an overview of the State Transportation Improvement Program (STIP), mapped program descriptions, and access and use constraints. It is advised to read this page first before going to the map viewer.

#### 2. View the map:

Select [Open in Map Viewer](#) on right side of description page.

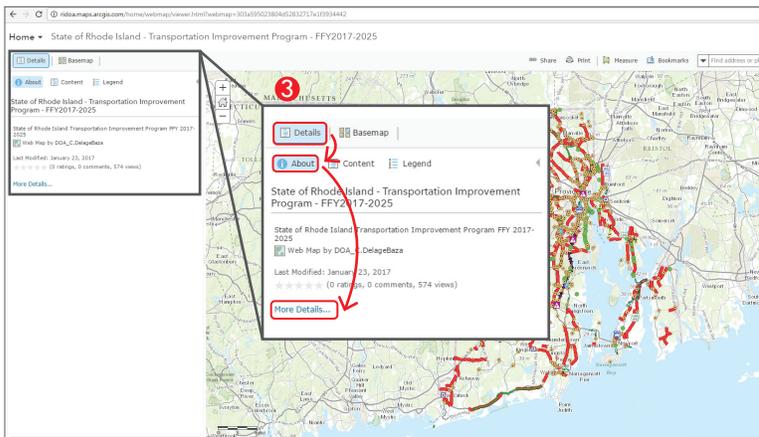

If you have ArcGIS the map can be viewed by selecting

[Open in ArcGIS Desktop](#)

#### 3. Return to Description Page:

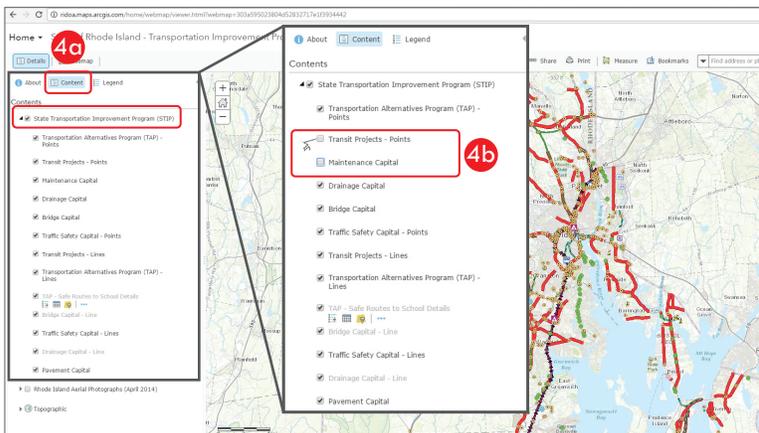

Within the Map Viewer, look for three icons under the 'Details' Tab (Top Left of map), Click 'About' icon and click 'More Details...'. This will bring you back to the Description Page.

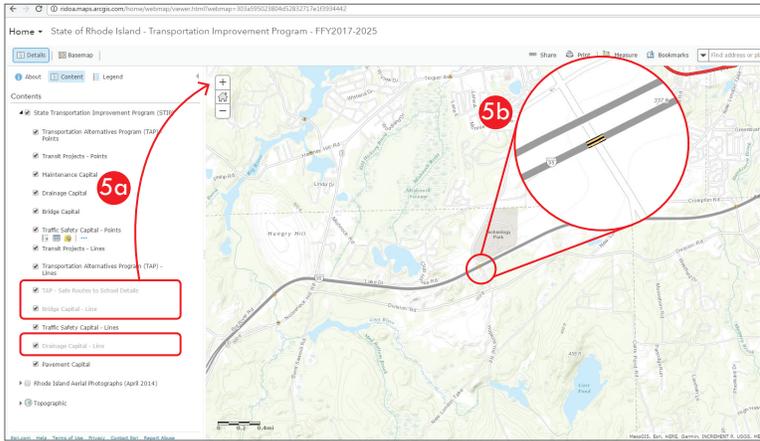

#### 4. Turn layers on/off:

4a. Click the middle icon for 'Content', then click on the arrow next to 'State Transportation Improvement Program (STIP)' to display all of the data layers you can turn on/off.

4b. Check/Uncheck the datalayers you do/don't want displayed.

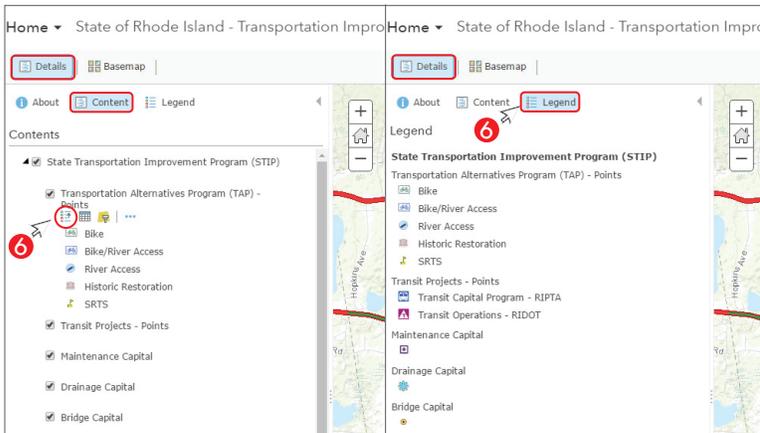

## 5. Scale Dependent Data:

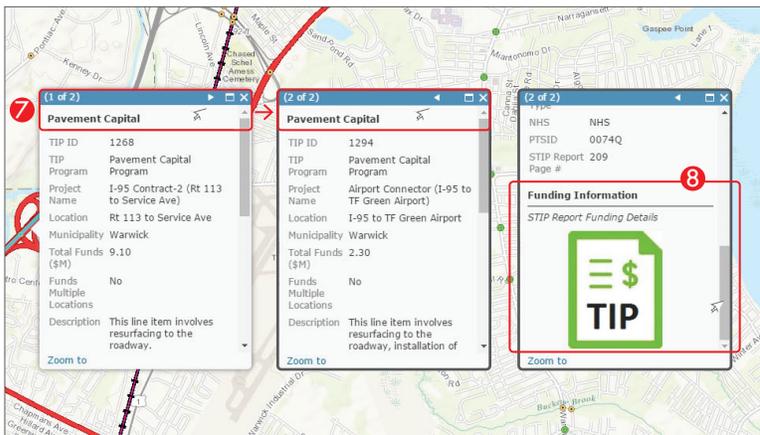

5a. Layers: Data layer names shown as gray are scale dependent. In order to see these data layers you have to zoom in or out.

5b. Example: Bridges at a statewide view are shown as points but when zoomed into a street level are shown as lines.

## 6. Symbology:

The data symbology can be either viewed under the 'Content' icon by clicking the data name or by selecting the 'Legend' icon. Note the 'Legend' icon will only show symbology for data layers that are turned on within the content of the map.

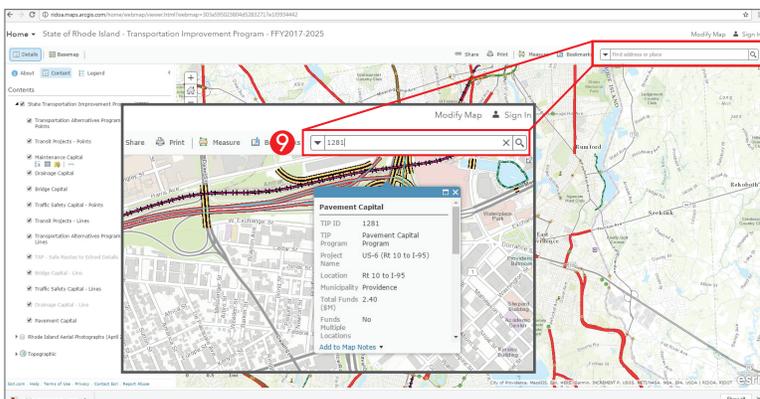

## 7. Project Information Pop-up Window:

Click on any of the features in the map, if needed, forward through the pop-up windows using the top right arrow buttons until you get to the desired data layer pop-up. As you move through the pop-ups the associated feature will be highlighted. Use the right side gray bar to scroll through the pop-up window.

## 8. Funding Details:

Click on any of the features in the map, scroll down to the bottom of the pop-up, click on the Green \$TIP icon for the STIP Report Funding Details.

## 9. Searching Options:

In the upper right corner of the Map Viewer look for "Find address or place"; type an address, municipality, or TIP ID here to find and zoom into desired location.
