ABBREVIATIONS & ACRONYMS

FAST - “Act” Fixing America’s Surface Transportation Act (Federal Transportation Funding Bill of 2015)

FFY – Federal Fiscal Year (October 1st to September 30th)

FHWA – Federal Highway Administration

FTA - Federal Transit Administration

L RTP - Long Range Transportation Plan

MAP-21 - Moving Ahead for Progress in the 21st Century (Federal Transportation Funding Bill 2012)

MBTA – Massachusetts Bay Transportation Authority

MPO – Metropolitan Planning Organization

RIDOT - Rhode Island Department of Transportation

RIPTA - Rhode Island Public Transit Authority

RIDSP- Rhode Island Division of Statewide Planning

SPC - State Planning Council

SPR - State Planning and Research

STIP - State Transportation Improvement Program

TIP – Transportation Improvement Program

USDOT - U.S. Department of Transportation

BACKGROUND

Purpose of this Report

The purpose of this report is to document the list of transportation projects in Rhode Island that have been obligated federal funds in Federal Fiscal Year (FFY) 2019. The list is intended to be comprehensive and in accordance with federal statute.

Federal Requirements

The federal metropolitan transportation planning statute 23 CFR 450.334 states that the State, public transportation operator(s), and the Metropolitan Planning Organization (MPO) shall cooperatively develop a listing of projects for which funds under 23 U.S.C or 49 U.S.C Chapter 53 were obligated in the preceding program year. This listing of obligated funds for projects must be developed on an annual basis and no later than 90 calendar days following the end of the federal fiscal year on September 30th.

The Federal Highway Administration (FHWA) defines obligation as the federal government's legal commitment (promise) to pay or reimburse the State, or other entities, for the federal share of a project's eligible costs. Thus, an obligated project is one that has been approved by the federal government for reimbursement, though not necessarily reimbursed yet. For FHWA projects, an obligation takes place when a project agreement is executed and the State/grantee requests that the funds be obligated. The obligated project costs reflected in the Obligation Report often do not equal final project costs, rather it is the amount of federal (not including state or other private/local) funds that were obligated during this past federal fiscal year (October 1, 2018 - September 30, 2019).

This obligation report differs from the State Transportation Improvement Program (STIP) in that funds in the STIP are a project's anticipated federal expenditure rather than what has been obligated. The Obligation Report provides the follow up layer of transparency to the STIP in the use of federal transportation funds in the State of Rhode Island.

In Rhode Island, the Division of Statewide Planning, as the MPO, is responsible for preparing the list of federally obligated funds. The Obligation Report documents federal funds obligated by the Rhode Island Department of Transportation (RIDOT) and the Rhode Island Public Transit Authority (RIPTA). A number of projects listed

in the Obligation Report reference multi-year projects that originate from prior year STIPs. Funds obligated from these prior year STIPs are for projects that still have open contracts that have not been closed out. Projects that have negative obligation balances (red text) indicate that funding has been deobligated. This could be the result of projects being completed (or closed out) and less federal funding utilized than was anticipated in the STIP. In most cases, the balance of these funds have already been applied to other projects in Rhode Island.

MPO Overview

The State Planning Council is designated as the MPO for the State of Rhode Island by section 42-11-10 of the General Laws of Rhode Island entitled, "Statewide Planning Program." The MPO includes membership from state agencies, local government, the transit operator, and the general public. The MPO is staffed by the Division of Statewide Planning, a unit of state government within the Department of Administration. Rule Five of the State Planning Council's Rules and Standards specifically addresses the MPO and Transportation Planning.

Overview of the State Transportation Improvement Program (STIP)

The State Transportation Improvement Program (STIP) is a list of transportation projects the State of Rhode Island intends to implement using United States Department of Transportation funds. For a transportation project to utilize federal funds it must be included in the STIP.

A project's inclusion in the STIP is a critical step, but it does not represent an allocation or obligation of funds. Projects supported with federal dollars are only guaranteed funding after the Rhode Island Department of Transportation (RIDOT) or the Rhode Island Public Transit Authority (RIPTA) or the U.S. Department of Transportation (USDOT) reviews the design, financing, and environmental impacts of a project. Project sponsors must work cooperatively with RIDOT, RIPTA, or the federal agencies to guarantee the federal funding identified in the STIP.

SUMMARY OF FY 2019 OBLIGATED PROJECTS

In FFY 2019, a total of \$287,813,617 was obligated to 442 transportation projects in the State of Rhode Island through the Rhode Island Department of Transportation and Rhode Island Public Transit Authority.

A total of \$238,524,096 was obligated to 428 RIDOT projects and \$49,289,521 was obligated to 14 RIPTA projects. In FFY 2019, \$32,747,232 was deobligated from 186 RIDOT projects. There were a total of 95 new projects, 233 project changes, and 174 projects closed out.

Overall, the most common project type was roadway/bridge projects, making up \$154,781,748 or 54% of all obligated projects, followed by Transit Bus projects, totaling \$48,795,377 or 17%, and then Studies / Engineering projects, which made up \$32,703,551 or 11% of all obligated projects.

RIPTA obligated \$49,289,521 to 14 transit projects. The largest obligation of transit projects comprised Preventative Maintenance to support bus operations and service.

Figure 2: FFY 19 Federally Obligated Projects Summary

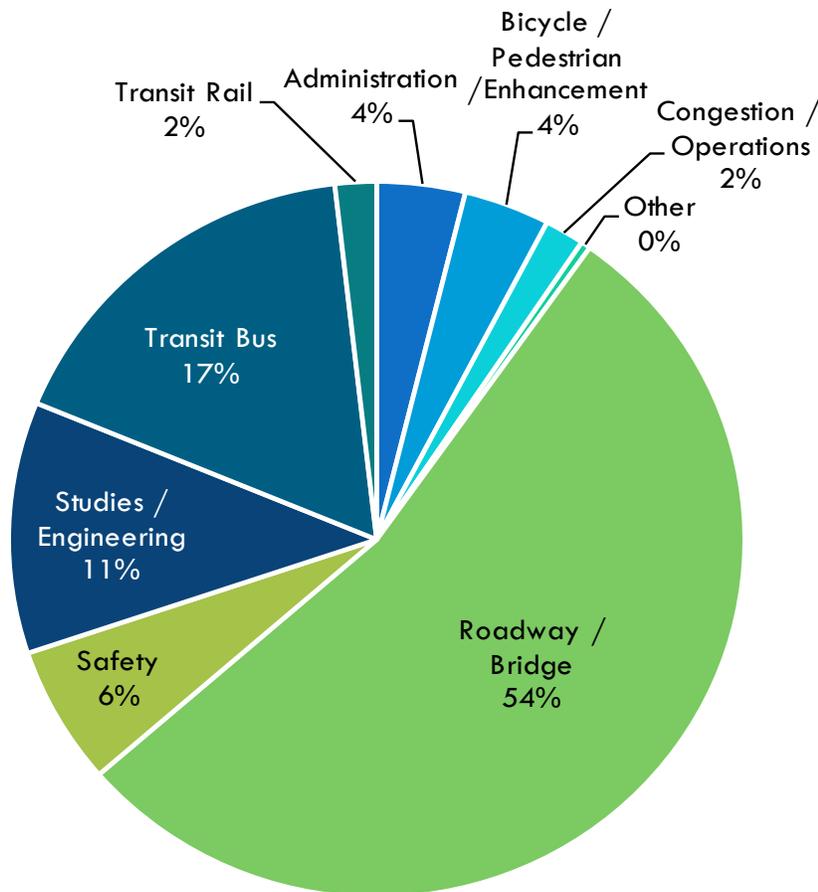

Figure 1: FFY 2019 Federally Obligated Funds - Project Type Summary

Project Type	Federal Funding Total	Percent
Roadway / Bridge	\$154,781,748	53.78%
Transit Bus (RIPTA)	\$48,795,377	16.95%
Studies / Engineering	\$32,703,551	11.36%
Safety	\$17,994,189	6.25%
Administration	\$11,172,871	3.88%
Bicycle / Pedestrian / Enhancement	\$10,895,916	3.79%
Transit Rail	\$5,246,811	1.82%
Congestion / Operations	\$5,007,060	1.74%
Other	\$1,216,096	0.42%
Total	\$287,813,617	100.00%

How to read the Obligation Report Table

Agency	Project title	STIP Project Title	STIP	STIP ID	STIP Funding Program	Project Type	Action	Federal Funds Change (+ or -)
RIDOT	ITS On-Call Maintenance Service for the RI TMC (Proj Mgr: Wreh)	Traffic Management Center	2013-2016	Page 7	Interstate	Congestion/Operations	Project Change	\$610,000.00

RIDOT/RIPTA Project Title: Title of the Project as identified by the Rhode Island Department of Transportation of Rhode Island Public Transit Authority

STIP Project Title: Title of the Project as identified in the STIP identified in the “STIP” field

STIP: The name and year of the STIP in which the project was originally programmed

STIP ID/Page Number: The unique identifier given to the project in the STIP or its page number reference for projects that do not have ID numbers

STIP Program: Project type category in the in the respective STIP to which the project is listed

Project Type: How the project is characterized for planning purposes. The projects are broken down as follows:

- Roadway/Bridge: Pavement, Bridge, Drainage, ROW
- Transit Bus: Rolling stock maintenance and replacement, RIPTA operations, service and support
- Transit Rail: Transit Rail (MBTA and/or Amtrak)
- Bicycle / Pedestrian / Enhancement: Bicycle and pedestrian projects, Safe Routes to School, Pier Improvements
- Safety: Safety projects, Signage, Striping, Lighting, Railroad Crossings, Fence, State Traffic Commission
- Studies/Engineering: Engineering projects, On call engineering services, Inspection services, SHRP2 Grants, PILOT Projects, Flood Emergency planning
- Other: Toll Facilities, Interstate Beautification
- Congestion / Operations: Park n Ride lot management, Message Boards, Traffic Management Center (TMC), Congestion Mitigation Operations
- Administration: Small equipment purchases, Education / training, Unified Planning Work Program, Transit Planning Support, Stormwater Plan, State Planning and Research (SPR), Motor Fuel Tax Evasion, Disadvantaged Business Enterprise (DBE) staff, Local Technical Assistance

Action: Denotes whether the funds were used for a new project, project change or change order, or project closeout.

Federal Funds Change: Federal funds obligated during FFY 2019 (October 1, 2018 - September 30, 2019)
